Happy March Infant families!

This month's themes will be Dr. Seuss, Spring and Flowers! We will read many books about spring and books by Dr. Seuss as it is his birthday; such as "Green Eggs and Ham", "Pooh's Favorite Things About Spring" and "Mr. Brown Can Moo Can You?". During music and movement this month we will sing songs like "Five Little Flowers" and "Dr. Seuss We Love You". For language development we will be learning the ASL for thank you. Art and Sensory will include a cat in the hat handprint and a toe caterpillar. Happy Spring!

Ms. Sharra and Ms. Brittany

## Monthly Objectives

- **Personal/Social Development:** Start to show more independence.
- **Language Development:** Recognize and react to the sounds of language.
  - **Cognitive:** Explore objects in various ways.
- **Physical:** Change position and begin to move from place to place.
